

ASIA PACIFIC **DRINKING SOLUTIONS CATALOGUE**

Better Hydration + Sustainable Solutions

Our expansive portfolio of drinking water products is designed to provide cleaner hydration wherever you need it. Many units feature hands-free sensor activation to minimize touch and potentially minimize the spread of germs. Elkay's solutions are not only hygienic but also sustainable, helping to limit dependency on single-use, disposable plastic water bottles. When it comes to hydration, whether on the go or at home, Elkay is a name you can trust.

Built in the USA

Elkay has been American owned for more than a century, and our products are proudly built in the USA. Check individual product listings at elkay.com for more information.

Certifications

Elkay products are tested and certified to these standards. Refer to individual product listings for details.

Top: LK4420BF1UEVG Outdoor; Bottom-left: LZWSSM Bottle Filling Station; Bottom-right: EDFPB114C SwirlFlo Fountain

ezH2O® Rapid Water Bottle Filling Stations

Elkay's ezH2O® bottle filling stations deliver a clean, quick water bottle fill and enhance sustainability by minimizing our dependency on disposable plastic bottles. They are ideal for education, healthcare, fitness clubs and hospitality settings.

The ezH2O® bottle filling stations are good for the earth and great for facility managers, with installation and maintenance made stunningly simple.

SPLASHLESS

Laminar flow provides clean fill with minimal splash.

ACTIVATION

Bottle filler

Touchless, sensor activation (bottle filler) designed for easy use.

Bubbler

Easy-to-operate push-bar activation.

EZS8WSS2K

**ezH2O® Bottle Filling Station
with Single ADA Cooler**

GREEN TICKER™

Green Ticker informs user of number of 20 oz. plastic water bottles saved from waste.

ANTIMICROBIAL PROTECTION

Flexi-Guard bubbler provides a flexible antimicrobial mouth guard to protect against injury and microorganisms.

EZ ADA Water Coolers

Drinking Water in a More Hygienic Way

EZ Water Coolers With Efficient Refrigeration Systems

Choose from a wide array of indoor and outdoor water coolers in a variety of styles and finishes, including many ADA compliant models. Elkay water coolers offer efficient refrigeration systems; waterway systems utilizing copper components and lead-free material; and a Filtrex System to prevent large impurities from entering the cooler.

The Elkay EZ models are our most popular water cooler series. These models offer easy-touch push bar or sensor-activated and come standard with a Flexi-Guard® Safety Bubbler. The extra deep basin minimizes splashing and features an integral drain.

Find the perfect water cooler for any application including medical facilities, schools, office buildings, malls and other high-traffic venues.

Elkay® Wall Mount Vandal Resistant Bi-level, ADA, Cooler Frost Resistant, Non-filtered, Non-refrigerated, Stainless

VRCTLFRDDSC

Elkay Water Fountains

Our water fountains come in different configurations, such as single and bi-level, refrigerated, and not. Our in-wall and wall-mounted water coolers save space and provide ADA accessibility when properly installed.

Choose filtered water coolers and fountains to deliver safer, better-tasting water. Outdoor water fountains are also available to provide access to hydration outside. Our drinking products offer the ultimate solution for your project.

Attractive and safe product.

Stainless steel finish is corrosion resistant and attractive.

Stainless Steel

Mechanical bubbler push button provides water when electrical service is interrupted.

Rated for indoor or outdoor use.

Drinking Water Filtration

Elkay WaterSentry filtration solutions are engineered for performance. Our water filtration systems are point of use, meaning they're conveniently installed right where drinking water is being used for a reliable and sustainable way to reduce lead and other harmful contaminants.

Provides a reduction in aerobic mesophilic bacterial organisms and the coliform bacteria by mechanical means.

Includes a Quick-Connect head for the water supply that allows easy installation and replacement of the cartridge

Made with activated carbon to improve taste and odor, Elkay water filters are certified to NSF/ANSI 42 and 53 certified — allowing you to deliver cleaner, healthier drinking water wherever you need it.

How Elkay® Filter Works

Our filters are designed and engineered to work with ezH2O bottle filling stations. Products with a visual filter monitor make it easy to know when it's time to replace your filter.

Water Enters

Radial flow-thru design means efficient treatment of incoming water.

Prefilter Mesh Stops Sediment

Spun polypropylene prefilter mesh prevents large, coarse sediment and particles from entering and clogging filter media, extending the life of the filter.

Carbon Block Reduces Contaminants

ATS-treated activated carbon reduces lead, cysts, fine sediment, and chlorine taste and odor.

Enjoy Cleaner, Healthier Water

Helps reduce contaminants for cleaner, healthier drinking water.
